

REMARKS

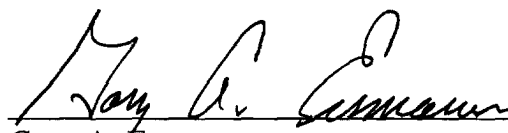

In response to the Office Action of June 12, 2008, the applicant has cancelled pending claims 1-11 and added new claim 12.

As suggested by the Examiner, new claim 12 is an independent claim that contains all of the limitations of the earlier submitted claim 11 along with the limitations of base claim 8 and intervening claim 9.

Claim 12 has also eliminated or corrected the language objected to by the Examiner and rejected under 35 U.S.C. § 112.

It is earnestly believed that new claim 12 is now in condition for allowance and such action is respectfully requested.

Respectfully submitted,

Gary A. Essmann
